Winter

November-February 2010-2011

Issue 5

Cold fresh Days of winter haven't stopped team members and staff from carrying out a variety of festive activities.

Christmas Party 2010

After months of planning, team members, parent's carers and staff enjoyed an afternoon of festive fun.

Based at our Oakhill site, everyone enjoyed a number of activities to celebrate the festive period.

A treasure hunt also took place, however to this day the treasure has never been found!!

Team members and staff were all given certificates for all there hard work done in 2010.

Horse and Bamboo

Team members and staff enjoyed a trip out to the Horse and Bamboo theatre to see Red Ridding Hood.

Staff and team members got to go behind the scenes and take a closer look at the puppets used as well as meeting the actors of the show.

ARTS and CRAFTS

Team members have completed a number of Christmas themed Arts and Craft activities. Jean and Alexandra have attended an arts and crafts course at S.A.M.S. Blackburn. Since attending the course both Alexandra's and Jean have become quite the budding artists. Pictures here are a number of the different projects that they carried out whilst on the course.

HORTICULTURE At CHRISTMAS

Team members have been busy making Christmas wreaths and centre pieces for the home. These brightly colored pieces would put any high street store to shame!

Staff and team members are working hard to prepare for spring summer 2011 by planting a number of new seeds and bulbs.

Bootstrap in the Park Day Service are committed to protecting animals in the winter months. In preparation for the cold months a number of team members were supported to build 'cold shelters' for the insects. Strange you may say! Reports say that 'both spiders and other bugs are a lot happier this winter.'

ANIMALS in winter

Due to the adverse weather conditions over the winter months access to Rhyddings Park has been difficult. However this has not stop team members from looking after the animals and defrosting the water! James has built a new hutch for the rabbits, reports say they are happy and content this winter.

Interviewing the manager

Last issue Rachel agreed to be interviewed by James.

Do you have any animals?
Ziggy the cat

What is your favourite food?
Fish curry
